~~An act to amend Section 23009 of the Business and Professions Code, relating to alcoholic beverages. An act to amend Section 12798.1 of the Food and Agricultural Code, relating to pest control.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 1166, as amended, Chesbro. ~~Alcoholic beverages: license. Pest control: Pierce's disease.~~

~~Under the Alcoholic Beverage Control Act, a licensee is authorized to sell alcoholic beverages in accordance with a license issued by the Department of Alcoholic Beverage Control. The act defines a licensee as any person holding a license issued by the department.~~

~~This bill would define a licensee as any individual holding a license, permit, or any other authorization issued by the department.~~

*Existing law appropriates \$750,000 each year for 3 specified fiscal years from the General Fund to the Secretary of Food and Agriculture for the purpose of funding, on a competitive basis, Pierce's disease research. Existing law also requires the secretary to appoint an advisory task force consisting of scientific experts, including, but not limited to, university researchers and agricultural representatives, for the purpose of advising the secretary on research to control and eradicate Pierce's disease. The task force is also required to make recommendations to the secretary on projects to be conducted in a competitive grant program*

for Pierce's disease research. Existing law repeals these provisions on January 1, 2005.

This bill would eliminate the competitive grant program and would delay the repeal until January 1, 2011.

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~—yes. State-mandated local program: no.
